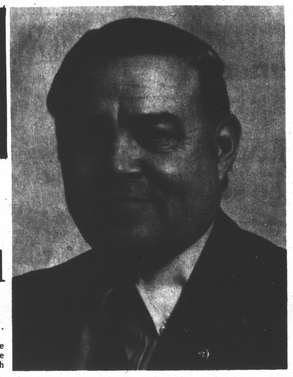
Bennett and Webb get nod



Mr. Harry G. Lawson

Roy T. Bennett of Concord and Archer Webb of Appomattox were elected to the local Advisory Board at the Southern States Annual Membership meeting held in Appomattox on July 22. Over 40 stockholder-members and their families attended the session.

Jimmy E. Tweedy of Rustburg was named chairman of the local board, while Dennis W. Drinkard of Appomattox was picked as vice-chairman.

Elected to the local Southern States Farm Home Advisory Committee were: Mrs. Ted W. Layne of Appomattox and Mrs. Kelly D. Stratton of Concord and Mrs. Cliff Plunkett of Appomattox.

Mrs. Cliff Plunkett of Appomattox was chosen as chairperson of the Farm Home Advisory Committee while Mrs. Ted W. Layne of Appomattox was named secretary.

Mr. Jimmy Tweedy of Rustburg, Va. was chosen as a delegate to represent the local membership at the Southern States Cooperative's 58th Annual Stockholders Meeting to be held in November. Hunt P. Hamilton of Appomattox was named alternate.

Elected as delegate and alternate to a District Election meeting to be held in Lynchburg this fall, was R. J. Lucado of Appomattox named as delegate and Hunt P. Hamilton of Appomattox named as alternate.

G. Maxey Slater of Richmond, a member of Southern States Cooperative's regional staff, reported on the over-all Southern States operations. This report also included a 12-minute slide-tape presentation entitled "The importance of Being Politically Active", which pointed out that farmers now represent only about 3 percent of the population and they should exert extra effort to make their voices heard in the halls of government. The presentation urged co-op members to communicate with their legislators and let them know their views about pending legislation.

The report on local operations and services rendered to farmer members in the community was given by Ronald Coleman Co-manager of Coleman and Sons, Inc.

There was also a special recognition ceremony for new board members, Farm Home Advisory Committee members, as well as those from these groups who were retiring. These included: B. J. Lucado, Troyman Phelps, Mrs. E. E. Martin, and Mrs. Frederick . Thomas.

Other highlights of the session included: Homemade ice cream was served through the day.

To WOW Board of Directors

Lawson is re-elected

Mr. Harry G. Lawson, Appomattox attorney, was re-elected to a four-year term of office on the Board of Directors of Woodmen of the World Life Insurance Society during that organization's national convention in Nashville, Tennessee, July 26-30.

Mr. Lawson has served on the Society's Board for four years and currently holds the position of trustee.

The Woodmen of the World has founded in 1890 and has its headquarters in Omaha, Nebraska. Today, the Woodmen ranks as the fourth largest fraternal benefit society in the United States with more than 900,000 members, six billion dollars of life insurance in force, and $766 million of assets.

The Society has more than 3,500 local lodges which feature patriotic and community service programs.

During 1980, Woodmen lodges presented more than 19,000 United States Flags to churches, schools, scouting groups and other non-profit organizations. In addition, they purchased more than 300 wheelchairs, 280 pairs of crutches, and 280 walkerettes for free loan to persons having need of the use of such items and provided 190 rescue squads and fire departments with life-saving equipment.

Free career information available

Since the Virginia career information hotline began operation last November, the phone has been ringing steadily. Over 1,600 state residents have called the toll-free hotline at Virginia Tech with questions about occupational requirements, educational opportunities and financial aid, licensing requirements, and employment forecasts.

The hotline number can be called from anywhere within the state at no charge to the caller. Professional counselors and graduate students from Tech's counselor education program answer the hotline from 8 a.m. - noon and 1 - 5 p.m., Monday through Friday. The hotline number is 1-800-542-5870.

The callers and questions are diverse. Most callers are between the ages of 19 and 45, and either in school considering a career or currently working and investigating a career change.

Typical questions asked include: "What is the average salary for bookkeepers in Virginia?" "Which community colleges offer auto mechanic's training?", "How do I become a fashion illustrator?", "What can I do with a foreign language major?"

The hotline frequently acts as a resource and referral service helping callers obtain information. "Finding people jobs is not our function, however," says Carl McDaniels, Tech College of Education professor who directs the hotline.

The hotline is one component of a comprehensive career information delivery system being developed for the state by Tech faculty through a grant from the Virginia Occupational Information Coordinating Committee.
